JustChair
MANUFACTURING

Your front-of-house furniture source.

WE ARE MORE THAN CHAIRS! Yes, our chairs are where we are *'just'* and shine the brightest. But, we also deliver that same attention to detail in all our front-of-house solutions.

All **JustChair** products are built to exceed standard commercial specifications.

This ensures that you get beauty that lasts... and we back it with a **5 year warranty**.

JustChair products are available via restaurant equipment dealers, architects, designers and contractors nationwide.

The image features a wooden chair as the central subject, rendered in a highly textured, almost painterly style. The chair has a high back with vertical slats and a curved seat. The wood grain is emphasized with various shades of brown, tan, and grey, giving it a three-dimensional, tactile appearance. The background is filled with similar textured patterns, suggesting a room or a collection of furniture. Overlaid on the lower right portion of the chair is the text "WOOD SEATING" in a bold, white, sans-serif font. The text is arranged in two lines: "WOOD" on the top line and "SEATING" on the bottom line. The overall composition is centered and visually striking due to the unique texture and color palette.

WOOD SEATING

An architectural floor plan of a restaurant or event space. The plan shows various rooms, including a kitchen area with a 'Kitchen' label, a 'Bar' area, and several banquet halls. A central area is highlighted with a yellow border and contains a diagram of a booth layout. To the right, a large circular area is labeled 'Banquet Hall'. The plan includes numerous technical details, dimensions, and material callouts. A central text overlay reads 'BOOTHS & BANQUETTES'.

Space Planning - Booths

Booth Spacing

Booths are available in single, double, 1/2 circle, 3/4 circle and wall benches. Using a wall bench with small tables allows easy conversion from couple seatings, to large parties.

- The QuickShip top cap is 1.75". The standard and custom top cap is 1.75" wide.
- The layout below, demonstrates using 46" long booths.
- A standard layout allows the table edge to overlap by 1" vertically with the outer edge of the booth seat. This provides a comfortable 17-18" seating depth.
- If using 30" wide tables, then booths require 72" from center to center of top caps.
- If using 24" wide tables, the space between booths can be reduced to 66" between the center of top caps.
- ADA requires a 36" wide table.

Space Planning - Tables

Aisle Widths

Wait staff aisles can be 24" to 30", with service/main aisles 36".

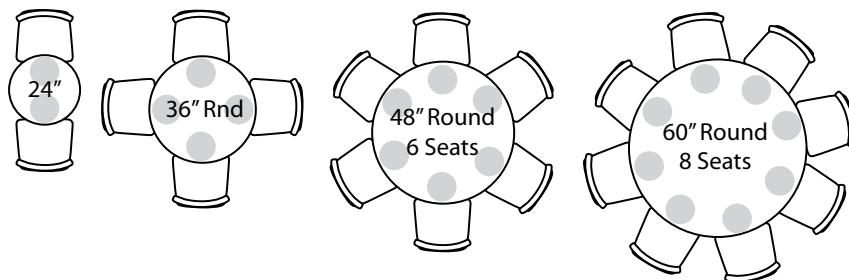

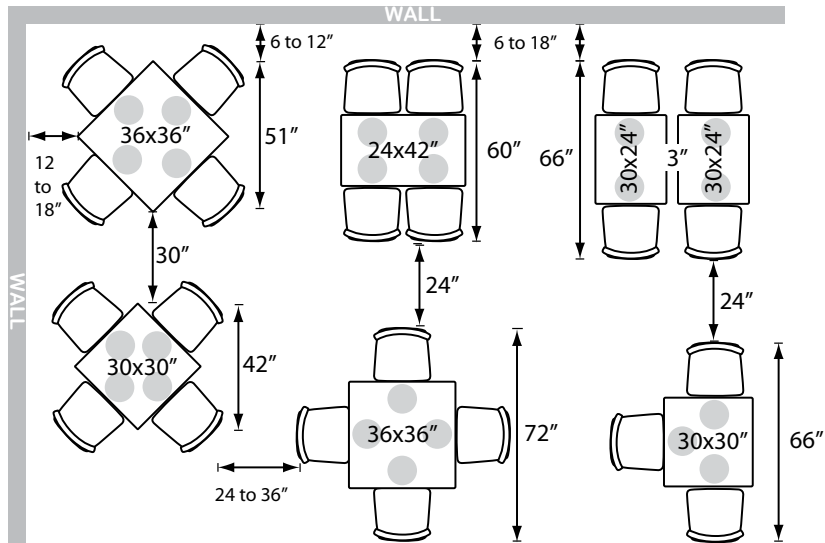

Recommended square inches per seat:

- Banquet (close seating): 96-120 sq/in per person
- Casual Dining: 120-144 sq/in per person
- White Tablecloth (spacious seating): 144-168 sq/in per person
- Shading representing 10" plates is shown on the diagrams below.

Table Sizes

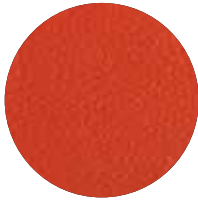

The architectural standard for dining suggests that 300 square inches of space be allowed per diner.

- 24" table width is a minimum, suitable for a diner. 30" is the standard width.
- Family dining with platters in the center should consider 36" widths.
- Shading representing 10" plates are shown on the diagrams below.

General Information

JCM 5-YEAR

STRUCTURAL LIMITED WARRANTY

JustChair Manufacturing warrants all JCM products to be free of manufacturing defects in material and workmanship as follows:

- **German Beech Wood Furniture:**
5 Years from date of purchase.
- **Welded Steel Furniture:**
5 Years from date of purchase.
- **Powder Coated Stacking Furniture:**
5 Years from date of purchase.
- **TBX Table Bases:**
5 Years from date of purchase.
- **Aluminum, Outdoor & Chrome Furniture:**
1 Year from date of purchase.

From the original date of purchase, by the original purchaser or JCM dealer unless otherwise noted.

JCM's warranty responsibility is limited to the cost of replacement or repair (at JCM's discretion) of the JCM products. FOB Factory.

WOOD STANDARDS & REGULATIONS & EXCEPTIONS

U.S. Commercial Standards/Regulations require us to advise the customer that a wood product may experience some degree of warpage and thickness variation. We do not warranty warpage.

Customer assumes responsibility for normal wear and tear. Products sold as 'closeouts', 'as-is' and 'used' have no warranties. JCM is not responsible for warranty claims reported after 30 days from first recognition of the issue by the end-user.

SUPERIOR PACKAGING

NO ONE WRAPS LIKE WE DO

Every JCM product is fully wrapped and protected, exceeding industry standards. Every chair leg is covered. Every glide is protected.

Our goal is to ensure that the quality that leaves our dock, reaches the customer's door, perfect & undamaged.

WHERE TO BUY

OUR LOCAL SUPPORT NETWORK

JCM sells all products via dealers, designers, contractors and consultants. This ensure that every product is sold with expertise and locally supported.

We are happy to assist anyone with layout, design, and planning.

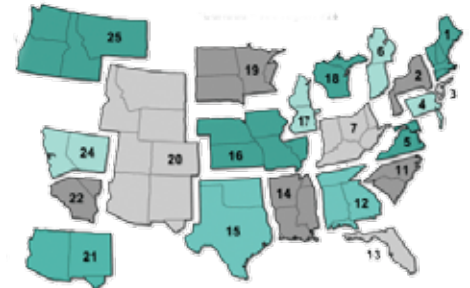

Our Manuf. Reps can also provide referrals to local consultants.

Our professional sales network includes:

- Regional Manufacturer Representatives
- Restaurant Equipment Dealers
- Commercial Furniture Distributors
- Interior Design Firms and Architectural Firms
- General Contractors
- Professional Consultants

For more information:

- Visit our web page: justchair.com
- Call our office: 347-617-1317
- Email us at: info@JustChair.com
- Ask your restaurant equipment supplier

9 Steps to Building Quality

Renown German beech for color and strength.

1.

Fabricated with CNC precision for a perfect fit.

2.

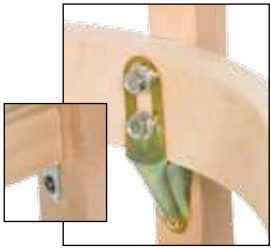

Craftsman tongue & groove for stability.

3.

Bolted with custom hardened steel anchors

4.

From start to finish, JCM works to provide the absolute best ... and we back it with our **5 Year Warranty.**

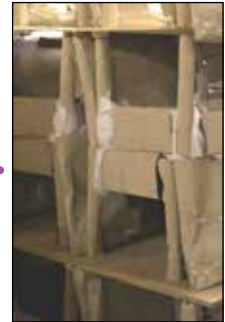

5. Automated poly finish ensures lasting beauty.

6. Double the seat foam for more comfort.

7. 100% wrapping ensures perfection.

8. Nationwide sales & support network.

9. All built by a fully ISO 9001, 18001, 4001 certified and Intertek tested factory.
